Subject: submission of comments on abrogation of US environmental laws

Importance: High

Dear Mr. David Reese,

The link cited in the directive on submission of comments for the Department of Homeland Security's proposed abrogation of U.S. environmental laws (www.dhs.gov/dhspublic/interapp/editorial/ed) does not work. This lackadaisical approach does not bode well for public or industry reception of the proposed rulemaking.

Four questions:

1. Where is the electronic copy of the proposed abrogation by the Department of Homeland Security of U.S. environmental laws that is referenced in the directive stored at: <http://www.dhs.gov/interweb/assetlibrary/MD5100-106-01-04.pdf>.
2. Regarding the statement in the above referenced document "(DATE: Comments and related material must be received by [insert 30 days from publication]"; could you supply the date of publication?
3. Why is the Department of Homeland Security not accepting comments electronically?
4. Who are the members of the expert panel that came up with the proposed rulemaking to abrogate U.S. environmental law?

Sincerely,

Polly Parks
